

HOW MUCH IS ENOUGH?

Malachi 3:6-10

June 6, 2010

I have been told I should give until it hurts. Fortunately, I have a very low threshold of pain.

Though we say we will have no other gods, do we really mean it? Do we really live it each day? Do we listen to what He tells us and seek to put it into practice?

Parents, have you ever asked your child whether what they wanted was really a need or just a want?

Malachi gives a harsh message. He tells us that we are robbing God in our tithes and offerings.

Ten percent, how could I possibly do that? Think of it this way, He tells you you still have 90% for your own needs and wants.

What percentage tip do you give the waiter or waitress when you go out to eat? ð
What percentage of your income goes to pay your mortgage? ð What percentage of your income goes toward a car payment? What percentage do you give to God?

I will just pray that God gives you your old job back.
